

Clarksville Chronicle.

J. S. NEBLETT,
J. A. GRANT, Local Editors.

RATES OF ADVERTISING.—One Dollar per square of ten lines.

Single Copies of the Chronicle, Ten Cents.

CLARKSVILLE, DECEMBER 22, 1895.

Positive Notice.—All persons indebted to the firm of NEBLETT & GRANT, before the war, are respectfully, but positively, notified that unless they come forward in a short time and make settlement, they will find their accounts in the hands of an officer.

To Advertisers.—All advertisements to be inserted in the Chronicle for less than six months, must be paid for when handed in. Job Work must be paid for when delivered. These rules will be strictly adhered to.

Reasons.—The first Quarterly Meeting for the Clarksville State, will be held at the Methodist Church, in this place, next Saturday and Sunday. A full attendance is requested.

As our paper is forced to appear three days in advance of Christmas, we take this occasion to say *Christmas Greetings* to all our friends and patrons. As we expect said gifts to be numerous and bulky, we are authorized to state that all the business firms have volunteered to act as receivers for our benefit. Happy Christmas to all of our patrons!

Wallace Glascock, the Carrier-boy, will call upon our patrons with his Christmas Address. Have your change and new things ready to make his heart glad, and send him on his way rejoicing.

The Nashville Christian Advocate will resume publication on the first week in January, 1896, under the charge of J. B. McFerrin, D. D. Terms, two dollars until the first of July.

The Festival.—As our paper was made up last evening, we could only remark, in advance, that the preparations for the festival were gotten up in admirable taste by the ladies, and that everything promised a success equal to the merits of the occasion. As the festival will be continued to-night, we venture to express the hope that the room will be crowded to its fullest capacity.

National Hotel.—This hotel, under the charge of our large and accommodating landlord, Mr. S. B. Grant, is still in a flourishing condition. Mr. John McFall, well-known to almost every body in this community, presides at the desk. With such gentlemen as these, guests may rely upon being well cared for. Give this house a call.

Professional.—Any one desiring the services of Dr. W. C. Westerfield, can find him at the residence of John A. Bailey, Esq., on Second Cross Street. He hopes by strict attention to business, to give general satisfaction. Office, front room under the "Chronicle Office."

Poverty Row.—There is nothing transpiring in town, that makes it look so much like its former self as the re-congregation of the lawyers on Poverty Row. That locality was so long their privileged "bar," that it scarcely presents a feature which does not suggest special pleadings, judgments, executions and larcenies; and we doubt not that every "limb of the law," who was temporarily domiciled elsewhere, felt like a limb out of place. We are glad to see them all getting back home again, to that common centre of law business where clients can find them without peering their heads into out-of-the-way places and asking if "Squire such a one lives here?"

We call attention to the advertisement of N. F. & G. W. Hood, Agents for Wheeler & Wilson's Sewing Machines. You can find them at the Store of Matill & Brother. They keep the best article and can suit you in prices.

The Steamer *Cumberland*, Capt. Ben Egans' boat, attempted to go to Nashville last week, but did not get any farther than the Shoals. She got aground, and in swinging around, broke her hog chain. She passed down on Sunday morning last, and will soon commence her regular trips in this river.

Capt. Frank Gracy, is now building, at this place, a Wharf-boat. It will soon be completed and ready for business. He is an energetic, polite, and correct business man, and we wish him much success in his new undertaking.

The Steamer *Alice* has been sold by her former owners, to Mr. W. B. Russell, of Palmyra, Kentucky. We know of no man with more energy and "go-a-head-attitude," than Wash Russell. We do not learn the amount paid.

See card of Mr. H. Gordon, manufacturer and dealer in Guns, Pistols, &c., in New Providence, Tennessee. He repairs work of all kinds with promptness, and is said to be an excellent workman.

The Legislature has adjourned until the 8th of January, 1896. We notice our Representative, Mr. Wines, has reached home. Mr. B. R. Pearl, Senator from this district, has been able, in consequence of severe sore eyes, to attend to his duties for some time. We are glad, however, to hear that he is improving.

A communication, signed "Tennessee," has been received, but its length and the previous appropriation of our space, compels us to defer its publication until the first issue in January, when we will cheerfully lay it before our readers.

Our business community will bear in mind that the Banks of this city, according to their usual custom, will not open on Christmas and New Year's day.

As every one is interested in the labor question, and farmers particularly are anxious to engage laborers for the ensuing year, we republish the following order of Major Bond, Agent of the Freedmen's Bureau in this place. The order is of great importance to persons hiring laborers, and we would direct special attention to it:

WAR DEPARTMENT.
EUREKA R. F. & A. V. L. and, after Sept. 1st, 1895.
CLARKSVILLE, TENN., Dec. 8, 1895.

From and after this date, all contracts with Freedmen shall be in writing, and must be made by the Superintendent of this Bureau, or approved thereby; and none others will be respected. When private contracts have been made the highest market price for labor will be collected. Parties making contracts, for the coming year, or holding those heretofore made, for the coming year, without the approval of this Bureau, will be at once arrested and sent to the Assistant Commissioner at Nashville.

By order of Brig.-Gen. CLINTON B. FISK, Assistant Commissioner for Tennessee, Kentucky and North Alabama.

W. G. BOND, Superintendent.

Circular.

Parties making contracts, for the coming year, or holding those heretofore made, for the coming year, without the approval of this Bureau, will be at once arrested and sent to the Assistant Commissioner at Nashville.

By order of Brig.-Gen. CLINTON B. FISK, Assistant Commissioner for Tennessee, Kentucky and North Alabama.

W. G. BOND, Superintendent.

HYMNAL.—Our esteemed friend, G. W. Felt, now of Nashville, but formerly of this city, was married on last Tuesday night, the 19th inst., to Miss SARAH POLE JETTON, an adopted daughter and niece of Mrs. James K. Polk. We regret that circumstances were such as to prevent our attending this brilliant and festive occasion. We congratulate our young friend upon this happy event in his life. May their fondest hopes of happiness and pleasure be realized to the fullest extent, and when the joys and sorrows of this life will have ended, may they be happily re-united beyond the skies.

CHRISTMAS PRESENTS.—W. A. Settle, has just received a large lot of goods suitable for Christmas Holidays. Amongst them you will find a large and varied assortment of Candles, masques, fire-crackers, sky-rockets, nuts of every description, and in fact, almost anything you may wish. Call and examine his stock, and buy something good for Christmas.

Wm. R. Bean died in Elkton, Ky., on the 29th inst., aged about eighty years. He had been Post Master in that place for at least twenty successive years, with the exception of the short period during which that section of country was held by the Confederates. He was a practical Christian, generous and honest to a fault, and had not an enemy personal or political, within the wide circle of his acquaintance.

Our esteemed fellow townsman, Mr. C. H. Smith, has located in New Orleans, and intends doing a General Commission Business. Mr. Smith is extensively known in this section, having heretofore had dealings with nearly every agricultural man in this part of the country. He has made a character for honesty and fair dealing and is liberal-hearted to a fault. The business and private circle here will miss him much.

His house is located at No. 59, Carondelet street, and we know our agricultural friends will remember him when they desire any business attended to in New Orleans.

RIVER AND WEATHER.—We have had rain for three days during this week, however, on Wednesday evening a sudden change took place in the weather, and on Thursday morning Overcasts were in great demand.

The River rose on Wednesday night about five feet, and was still rising up to the time of our going to press. There is now an abundance of water for boats, and we may expect the Cumberland to be thronged with water-craft of all sizes.

Coal is very scarce here, and it is to be hoped that a supply may reach this point during the present rise.

PIANO FOR SALE.—Any one wishing to purchase a No. 4 Octave Piano, cheap for cash, can hear of one by calling at the Chronicle Office.

Charlie Cook has just received a large lot of new goods, suitable for Christmas presents. Call and see them—they will be sold at New York prices.

Smith & Peffer, have moved their Law Office, on Strawberry Alley, near the Court-house, in the room formerly occupied by Thomas J. Munford, as clerk. See their card.

SPECIAL NOTICE.—We have this day sold our entire stock of Hardware to Mr. B. O. KEESE, and we cordially recommend him to such of our friends who have heretofore favored us with their patronage, as a good business man, and one that will sell their goods as cheap as they can be bought in this market. [Dec. 22 '95] BROWN & CO.

SPECIAL NOTICES.

LET those who have doubted the virtues of Bull's Cedron Bitters, if any such there be, read the following certificate from gentlemen well known in this community, and doubt no more.

In general introduction into the army will save the lives of thousands of our soldiers.

LOUISVILLE, KY., June 3, 1893. We, the undersigned, have seen the good effects produced by the use of Dr. John Bull's Cedron Bitters in cases of general debility and prostration of the system, and believe its general use would prevent disease and relieve much suffering. Among our soldiers particularly would this be the case, especially those who are exposed to malarial influence in the southern climate.
